The place Huligadri or Huligana Marudi is famous as Dakshina Sheshadri, a temple of lord Shrinivasa. The place Huligana Maradi is located near Terakanambi of Gundlupet. It is around one and a half hours of road travel from Mysore. One can reach the temple by asking the route to Sri Venkataramana Swamy Betta at Terakanambi.

The temple is surrounded by hills, forest and lakes which is very attractive this place is known as Dakshina Sheshadri. It is known by the names – Sheshadri – Kanakadri – Venkatadri – Vyaghradri – Huligadri – Dakshinadri – Vyagrachala in the different yugas respectively.

According to varahapurana once there was a challenge between the ancient serpent Adhishesha and the wind god Vayudeva regarding who is superior to this hill. Adhishesha tries himself around a huge mountain and challenges Vayudeva to untie his hold Vayudeva the wind god tries to untie Adhishesha with force.

Adhishesha did not move Vayudeva again with much force creates a hurricane and splits the mountain into two parts and blows it away one part falls towards north and the other falls towards south. The southern part is called Dakshina Sheshadri and the northern part is called Tirupathi or Sheshadri. One who is unable to visit Tirupati can visit this place for the blessing of lord Srinivasa.

The name Huligana Maradi means a hillock where tigers live. Once upon a time this was a dense forest and many tigers lived in this place. Gradually the numbers of tigers decreased now.

The diety is installed by sage Mandavya. Now Shri Jayaram and Shri Nagaraja takes care of puja and rituals at the temple which they got through the ancestry. The forefathers of Sri Jayarama and Sri Nagaraja has started performing the religious ritual at this place from around 800 years. Their ancestor are from Komaandoor of Tamilnadu.

Huligana Maradi temple building is 500 years old. 500 years ago a Savkar Dasa Keshava Shetty of Terakanambi built this temple. 22 years ago raja gopuranirmanasamiti was formed and it was inaugurated by the Governor, Sri T.N.Chaturvedi in 2005.
On the day of sankranti the Brahma Rathostava will be celebrated every year and one more Rothostava will be celebrated on the first Saturday of sravana month decorating the deity with butter turmeric and different Abhishek’s will happen frequently.

There is a belief that sage mandavya who installed deity comes here in the form of frog to offer puja to the lord. Even today a frog can be seen near the deity.

One more attraction about this temple is that it has a bow and an arrow belonged to lord Rama. People from villages around cities far away and even from foreign countries come to this place to visit lord and seek his blessings.

We don’t know clearly the origin of the temple as some people say it was built at the time of cholas and some says it was built by Maharaja’s of Mysore. But we can see the durbar hall with 36 pillars inside the temple.
