PEER-REVIEW / PUBLICATION POLICY

Shanlax Journals administer an effective review and peer review system to ensures an independent assessment and accuracy of the results described. With the collaboration of editors and reviewers Shanlax Journals can ensure that the manuscripts we publish are among the most important in their respective disciplines. All contributions submitted to Shanlax journals are sent to reviewers only after plagiarism checking by the editors.

PUBLICATION ETHICS

Shanlax Journals editors may seek advice about submitted papers not only from technical reviewers but also on any aspect of a paper that raises concerns. These may include ethical issues or issues of data. In all publishing decisions, the final decision whether to publish is the sole responsibility of the editor of the journal concerned.
